Attn: Regional Freedom of Information Officer

Dear Sir or Ma'am:

Pursuant to the **Louisiana Public Records Act § 44:1 et seq.**, please provide copies of the following public records:

- 1) All documents relative to the EPA mandated Well Head Protection Program;
- 2) Any and all information and reports of assessments as conducted by LDEQ in conjunction with Well Head Protection Program mandated by EPA for all Sole Source Aquifers (SSA);
- 3) Any and all information regarding the process/procedures for establishing the boundary of the well head protection area associated with the Lafayette Utilities System (LUS) water supply wells;
- 4) Any and all maps indicating well head protection area boundaries associated with Lafayette Utilities System (LUS) water supply wells;
- 5) Any and all well head protection practices such as zoning restrictions implemented within the well head protection area associated with the LUS water supply wells and any zoning restrictions proposed by LDEQ, whether adopted by LCG or not;
- 6) Copies of any and all compliance documents, requests for approvals of improvements/modifications of water system, sample submissions, general correspondence, or mandatory reporting documents filed with the Louisiana Department of Health & Hospitals (LDHH) by LUS in connection with current and historical LUS water supply wells

Section 44:32(D) of the Louisiana Public Records Act requires a response within three business days.

Kind Regards,
